## Fred Hunter Goes To Court Monday

Fred H. Hunter, who has confessed to the robbery of Estelle and Gladys Reeve on January 31, will go before the Superior Court on Monday for arraignment. It was announced today by Sheriff's Inspector Norman A. Wilson.

He will probably enter his plea before the same court February 24, it was announced.

Hunter is accused of the armed robbery of the Reeve sisters of 225 Canon Drive.

According to Wilson, Hunter was lurking in the Reeve garage when the sisters came out of the house, pointed a gun at them and made off with \$47. He then drove off in an old sedan.

It was the sisters' description of the car which led to the arrest of Hunter scarcely 12 hours after the robbery.

## Inquest Finds Airmen's Death Due to Drowning

Thomas A. Pritchard Jr. and William A. Harrison died as a result of "asphyxiation by immersion in Lafayette Reservoir," a coroner's jury decided Thursday of last week.

The bodies of the two drowned men, whose plane crashed in the reservoir over a month ago, have been recovered.

The inquest attributed the landing and sinking of the plane in the reservoir to engine failure. The ignition switch was still on, the jury disclosed, when the plane was hauled out of the water. Witnesses reported seeing the plane heading over the Lafayette dam with its engine sputtering.

From the state of the clothing of the two men, the jury concluded that they had attempted unsuccessfully to swim to safety.

## 'Absurdia' Needs Skits, Dancers

Skits tryouts for "Absurdia in Suburbia IV" will be held at the Orinda School Tuesday night at 8 p.m. There are spots open for three skits, which should run 6 or 7 minutes.

Scripts for skits should be taken to Tuesday tryouts, according to Co-chairmen Mrs. William Gilmore and Mrs. Charles Coburn. There are also other openings which need to be filled, the chairmen said.

Casting will not take place until March 1. There is a need for men and women singers, both for chorus and specialties, and for couple dancers.

Due to the skit tryouts, dancing rehearsal will be held Monday and singing rehearsal is scheduled for Wednesday at the Orinda School at 8 p.m.

## Stag Dinner For Cubs, Dads of 212

Orinda Cub Scout Pack 212—just one year old—will celebrate the 43rd birthday of the Boy Scouts of America tonight. Cubs and their fathers will tag it at a Blue and Gold Dinner at the Orinda Community Church at 6:30 p.m.

The following new Bobcats will be introduced: Bobby Clifford, Johnny Cooper, John Davison, Paul Rieger, Greg Peterson, Jay Jacobus, Bryan Traynor, Donald Plenner, Steve Beckett, Dick Palmer, Bobby Ross, Charles Aberham and Dillon Scofield. Awards will be made and movies on transportation shown.

Among the cubs of 212 spotted at the Orinda Community Church in uniform on Scout Sunday were Stephen Smith, Barry Howard, Carl Ogden, Timmy Sheldon, Laurie Chapple and Bill Sheldon.

## Catholics Study EBMUD Land as Possible Site

Inquiries made to Central Contra Costa Sanitary District directors concerning a 33 acre plot of land indicates the interest of Santa Maria Catholic Church parish in another church location.

The inquiry was made of the sewer board regarding sewer service. The site, now owned by EBMUD, was once studied by Acalanes Union High School District.

The sewer directors indicated that they would be willing to serve the proposed church, subject to a connection fee, and service fees because the church would be just outside district boundaries.

EBMUD officials said that no formal action has been taken regarding new negotiations with the church group.

## Cookie Lavagetto Speaks to Lions

The Orinda Lions purred contentedly as they watched a movie of the 1952 World Series and heard Cookie Lavagetto comment on it at their meeting held at the Orinda Roost Wednesday night.

Several business matters were discussed, such as the St. Patrick's Day party, which will be held on March 21. Bert McMahon, chairman of that committee reported that it would probably take the form of a box social.

Dr. Werl Eller advised that the scouts of Troop 207, sponsored by the Lions, would hold their annual dinner for the group on March 25 at the Community Church. Presentation of a check for the Guide Dog fund will be made by the boys then. Mothers prepare the dinner, and the scouts are hosts. The Lions also voted \$200 to the troop to help finance some scouts to the coming International Jamboree in Santa Ana.

The Board of Directors will meet Wednesday night at the new home of Joe Navone on Tara Road.

## Rotarians Hear Judge A. F. Bray

Judge A. F. Bray of the District Court of Appeals spoke before the Orinda Rotary Club at its weekly meeting at Orinda Willows Wednesday noon.

Judge Bray, who is also president of the Mt. Diablo Council of the Boy Scouts of America, spoke on scouting.

Judge Bray pointed out that scouting teaches leadership and provides an outlet for a boy's adolescent energy. He explained that scouting provides them a "gang" which is controlled and directed; one where boys can fit into a group and learn to take orders as well as to give them.

Chairman for the day was Herb Hauser who has been connected with scouting for 37 years.

Acting president in the absence of Leighton MacGregor was Bob Nordstrom. MacGregor is down with the flu.

Next week the Rotarians are scheduled to hear Ted Cottar, a guide from Nairobi, Africa, who will tell of his experiences hunting game on the dark continent. He will show a movie, "African White Hunter."

Among the visitors present was Harry Mason of Toronto, Canada, who has been in Rotary 40 years, almost since its inception. W. B. Murray, from Danville, Ill., was also present. He has been a Rotarian for 38 years.

## Benes Lectures Tomorrow Night

Bohus Benes, former Czechoslovak consul in San Francisco, for 28 years a member of the Czech Ministry of Foreign Affairs, and nephew of the late Czech President Edward Benes, will start a series of four weekly lectures on "The Truth About the Soviet Menace" tomorrow evening at 8 in the Acalanes High School Library.

After World War II, in which he witnessed first hand the Soviet betrayal of Czechoslovakia, Bohus Benes resigned his consular post in San Francisco and dedicated his efforts to the struggle against Soviet encroachment in the free world.

The first lecture will deal with "The Soviet World and the Free World," the second with "Russia in World Politics After 1945," the third with "Russia and Her European Satellites" and the fourth with "Our Struggle for Survival Against the Soviet Drive."

In addition to the Benes lectures, the Acalanes Adult Program is offering a new course in Adult Education Methods, worth two graduate university credits. Dr. Marvin Hockabout, Alameda Adult Education Director, will head the course. Lecturers and laymen interested in adult education are invited to enroll.

Veitch has been an Orinda resident since 1946. He lives at 154 Camino Sobrante with his wife, Beverly, and their children, Tommy, 15, and Nancy, 12. He is general manager of the Venetian Blind Products Company in Berkeley.

Born in Oakland in 1908, Veitch attended grammar school there, graduated from high school in Hollywood and, in 1933, received his A. B. in Geography at the University of California at Los Angeles.

He is a past president of the Berkeley Manufacturing Association, a member of Orinda Country Club, Orinda Masonic Lodge 704 and Scottish Rite and Ashmole Shrine in Oakland. He was recently named chairman of the Orinda Explorer Post 300 committee, and is chairman of the Country Club swimming pool.

Hobbies? "Walking, bird-watching, swimming, reading and sun-bathing," Veitch replied.

LAST YEAR Veitch, representing the association board, conducted a survey and appeared before the State Public Utilities Commission, with the result that a portion of Orinda received a lower Pacific Gas and Electric Company rate classification. In nominating Veitch for president Tuesday night, Howe observed:

Veitch spent his own good time and money in putting over the rate case for an area south of the Crossroads — an area where he doesn't live."

After graduating from U. C. L. A., Veitch homesteaded 80 acres of timber in the Rogue River country of southern Oregon for three years, he then came back to the Bay Area and started his firm, in which he is now a partner. He lived in El Cerrito for several years before moving to Orinda.

Son Tommy, an Acalanes sophomore, is a member of Explorer Post 300. Daughter Nancy, in seventh grade at Orinda School, is a Girl Scout.

## Real Estaters To Offer Home Planning Course

Plans for the Contra Costa Real Estate Board's 1953 Educational Program were announced this week.

Believed to be unique among such programs, these plans call for the study of all the phases of home construction from site selection through the completed structure. The Real Estate Board will actually construct a home for a typical Contra Costa family.

General chairman for the program is Lawrence Wallace, Lafayette. He will be assisted by the following sub-chairmen:

Selection of the "typical family," James Kenney, Walnut Creek; site selection, Henry Dean, Danville; choosing the builder, Bill Hayward, Walnut Creek; preparing the plans, William F. Anderson, Walnut Creek; financing the home—Les Fletting, Walnut Creek; actual construction, Harold W. Smith, Diablo; furnishing and decorating, Zoe Woolsey, Orinda.

Specialists in the several steps will be secured from all parts of the state to address the local realtors at the Monday morning breakfast meetings of the Mart held at El Nido. Several evening meetings covering the architectural and financing problems are planned to include panel discussions.

Anyone wishing to attend portions of the program may obtain information at any realtor's office.

## Flu Diminishing Says Dr. Blum

You can stop worrying about the flu now — unless you are one of the unlucky persons who has it.

According to Dr. H. L. Blum, county health officer, the virus has passed its peak and is steadily disappearing. "It was at its highest strength about two weeks ago" he said.

"There are still considerable amounts of the disease present," the doctor continued, "but our reports of sickness are fewer and it is obviously diminishing."

## Peter A. Veitch New President Of Association

The Orinda Association's new Board of Directors officially "took over" Tuesday night.

At a special meeting at Orinda School, the six newly-elected directors were installed and Peter A. Veitch was elected president.

Other officers chosen for 1953 are Everett Howe, vice-president, and Mrs. T. P. Bacon Jr., secretary.

In addition to Veitch and Mrs. Bacon, the newly-elected board members are George Haukerken, Nathan Gray, Zach Montgomery and Frank Cayting. Veitch served as a director last year.

Stanley Allen, outgoing president, will be a director-at-large this year. Holdover directors are Howe, Jack Cooper and Charles Blue.

The board reappointed Martha Chantler as treasurer, at a salary of \$15 a month.

At suggestion of Howe, the board extended a vote of thanks to Allen and Blue, outgoing secretary, for "a job well done."

FIRST ITEM of business following election of officers was consideration of a letter from Ramsay Underwood, vice-chairman of the Civic Affairs Committee. Underwood suggested that, in order to establish closer relations between the board and Civic Affairs, the board appoint one of its members as Civic Affairs Committee chairman.

However, action was postponed until the February 23 board meeting, so as to receive the recommendation of the Civic Affairs Committee, which will meet Monday night.

Directors generally agreed that the Civic Affairs Committee might prefer to continue electing its own chairman, but that the chairman might be made an ex-officio member of the board.

Civic Affairs Chairman Clinton Halstead said yesterday that new officers for Civic Affairs will be elected Monday night.

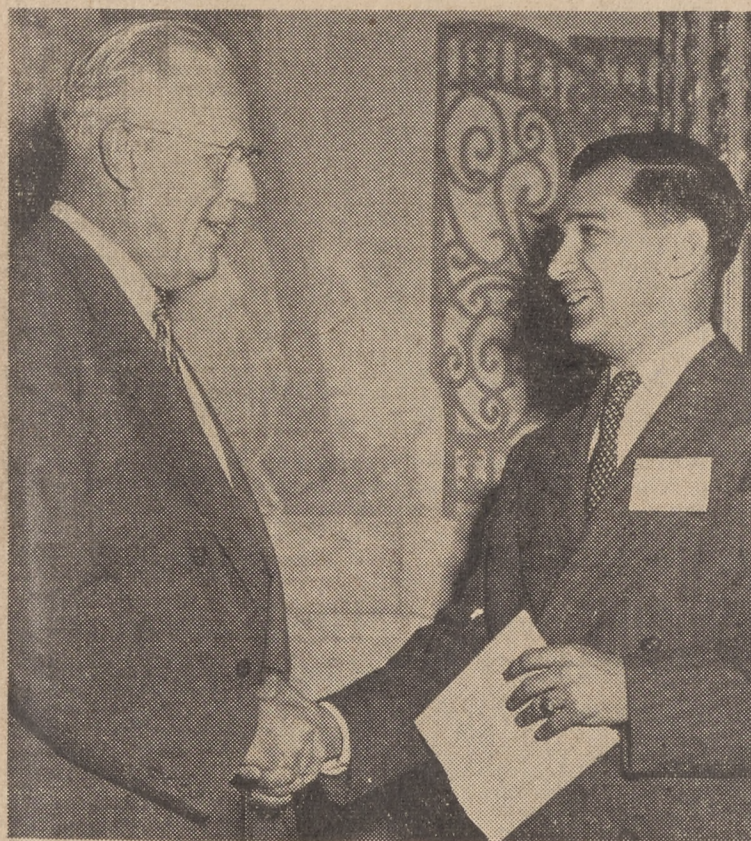

VEITCH HAS BEEN an Orinda resident since 1946. He lives at 154 Camino Sobrante with his wife, Beverly, and their children, Tommy, 15, and Nancy, 12. He is general manager of the Venetian Blind Products Company in Berkeley.

## SUN Wins Award for Community Service As Result of Sewer District Articles

Second Place Award for Outstanding Disinterested Community Service, among daily and weekly California newspapers was presented to The SUN by the California Newspaper Publishers Association last weekend.

The engraved certificate was presented to Herman Silverman, editor and publisher of The SUN. Governor Earl Warren at the C. N. P. A.'s Annual Awards Breakfast at the St. Francis Hotel in San Francisco Saturday made the presentations.

THE HONOR was given The SUN because of its coverage of and articles on the Central Contra Costa Sanitary District last year.

First Prize winner in the Outstanding Disinterested Community Service contest was a tri-weekly, the Redwood Journal-Press-Dispatch of Ukiah.

The SUN was the only paper in Contra Costa County and the only Bay Area weekly to win an award of any kind in the C. N. P. A. contests for 1952 achievements.

CHAIRMAN Stanley F. Wakefield of the 1952 C. N. P. A. Awards Committee, who is publisher of the Oakland Leader, read the citation, which pointed out that The SUN's series of articles were in part responsible for:

1. — Ending of closed sessions by the Central Contra Costa Sanitary District Board.
2. — Repeal of the arbitrarily enacted garbage franchise ordinance.

3. — Publicizing of business transactions by one of the Sanitary District directors (defeated in the election last September), who sold gasoline to three major garbage firms in the area.

4. — Election of a new majority of directors by the citizens.

5. — Formation of a Citizens' Advisory Committee of experts, and the welcoming of this committee by the Sanitary Board.

6. — Hiring of an efficiency firm to survey the district.

THE AWARD is the second received by The SUN at the last three C. N. P. A. conventions. In 1951, The SUN received Second Place Award for Outstanding Disinterested Community Service, on the basis of its revelations of illegal gambling along Tunnel Strip and of lack of law enforcement by county officials.

The articles on the Sanitary District started with disclosure of closed sessions. This was followed by the reporting of plans for the garbage franchise and of the various developments and maneuvers in connection with those plans. For several months every aspect of the situation was given the full light of publicity in The SUN.

"Credit for winning the new award," said Silverman this week, "goes to the cooperation of interested citizens throughout the area, and to Julius Rosenthal and our very fine editorial staff, who did the investigating and writing."

## Changes Asked In Proposed Sewer District Fee Law

The Central Contra Costa Sanitary District's connection fee ordinance has gone back to its attorney for more changes.

At its meeting last week, the board referred the proposed ordinance back to Attorney John Nejedlik, telling him it wanted the wording changed.

AS DRAFTED, the ordinance provides for a basic connection fee of about \$100 for residential sewer services, but excludes property already assessed within a Local Improvement District.

The decision to make a change came up during a discussion of connection terms for the new Permanente Foundation Hospital, now under construction.

The proposed classification would give credit for one service per unit of assessment in previously assessed local improvement district properties.

However, it would allow a loophole for additional revenue in the event of heavy increase in usage of sewer facilities.

IN OTHER business, the board voted pay raises to 21 persons on the district payroll.

The total increase, which is about four per cent on the gross payroll and which ranges from \$10 to \$50, is aimed at bringing the scale to a basis comparable to that of similar positions in the county.

Engineer Gerry Horstkotte Jr., who asked for the raises, said the total salaries in the district including the proposed increase would total less than the previous high of \$15,000.

In asking for the raise, the engineer said public districts are "pirating away our proven employees."

BOARD CHAIRMAN Elliott Johnson commented: "We've got to pay at least the going wage."

Along the line of district employees, the board accepted "with regret" the resignation of James Corry, construction and maintenance superintendent.

Corry, whose resignation becomes effective Sunday, is one of the district's oldest employees.

His leaving "will be quite a loss," said Horstkotte. "He was the hub of the maintenance and inspection departments."

THE BOARD also:

1. Authorized Horstkotte to prepare plans and specifications to initiate proceedings on a local improvement tract in Rheem Highlands Unit 1, Orinda-Moraga area. The board had received a petition from owners of some 50 lots in the area.
2. Approved and set March 5 as the public hearing date of a resolution of intention to establish Local Improvement District 28 near the townsite of Moraga.

Explorer Post 300 of Orinda heard a discussion on Soil and Water Conservation by Clark H. Gleason from the California Forest and Range Experiment Station of Berkeley recently.

The illustrated talk formed a background for the Conservation Merit Badge Exhibit which was put on by the post as part of their contribution to the Merit Badge show at Acalanes High School Saturday.

The exhibit covered the four major phases of conservation: water, soil, forests and wildlife. The water and soil phase was under the leadership of Dick Doty; forests, Pete Sheaff and wildlife by Bud Dodge.

Other members of the post participating were Phil Hunter, Jack Tanowitz, Charles Kops, Buda Kops, Norm Tuttle, Geof Dunham, Allan Dunham, Phil Lowthian, Hart Corbett, Tom Veitch, Allan Sutton and Dave Pilcher.

# About our happy Country Folks

By EDITH BOLMAN

**BIRTHDAY PARTY**—Mrs. Fred Mulvan entertained at luncheon recently for Mrs. Thomas Barrows. The Mulvanys, incidentally, had a wonderful trip to Europe, a while back which we have just now discovered but which is well worth mentioning anyway, because they met old friends Colonel and Mrs. Paul Thomas (Mary Baxter) and drove together through Switzerland and Germany, ending up at Wiesbaden, where Colonel Thomas is stationed.

**Bridge luncheon**—Two tables' worth of Pandora members met at the home of Mrs. Clarence Betz.

Baby shower for Mrs. Floyd Carpenter given by Mesdames John Watson, J. J. Carlson and J. M. Cosgrove. Interesting decorative note—Mrs. Watson had bought one of the Christmas trees from the Children's Hospital Christmas Tree Festival and, for the shower, removed the Christmas baubles and added gum drops to the branch tips and tiny rubber babies in and among the branches to look like they were climbing all over the tree.

**GUESTS ENJOYED MORNING COFFEE** recently with Mrs. Channing Kilbourn—flower decorations, as always, beautiful.

Visitors from Honolulu known to many Orindans—Henley and Walter Dillingham—now on their way to Sun Valley.

Congratulations to Victor Cranston—a new vice-president of the Bank of California.

**Cocktail party** recently at the home of Mr. and Mrs. W. L. Yeager for the United World Federalists. Those assisting were Messrs. and Mesdames Paul Ammen, Ray Devin and Irving Kolkhorst and Mrs. Grace Hanks. Like so many 4 to 7 cocktail parties, they ended up eating hamburgers at 11 o'clock.

Mr. and Mrs. Cecil Cantrell are home from Topeka where they visited Mrs. Cantrell's parents, Mr. and Mrs. Tinkham Veale.

Mr. and Mrs. Burton Kohler and Mr. and Mrs. Zach Montgomery entertained at dinner for Mr. and Mrs. C. E. Cook and Mr. Cook's mother who are leaving in February for a trip to Honolulu.

**PARTY WITH AN INTERNATIONAL FLAVOR**—Mr. and Mrs. Ernest Poll gathered together about 50 friends recently for cock-ebate the fact that they had just taken their examinations for their final citizenship papers.

**Little American flags** on the cakes were the decorative theme, and another flag—a gift from Pere Brown—was of particular interest because it was from the Civil War period. A welcoming toast was given the Polls by Edward Martin, and the host answered graciously with an expression of gratitude for their many new friends and new country.

Commander and Mrs. Edward Scofield and children Susan and Dillon have moved into the W. G. Courtwright home on La Madrona.

**PEOPLE WHO PUT UP BARRICADES** for small puppy dogs so they won't get into something they shouldn't must beware—Mrs. T. W. Courtwright had hemmed her tiny pooch and then tripped over the enclosure and cracked three ribs.

**AND NOW ABOUT THE FATHER OF THE BRIDES.** One of our typical local Papas who lives on a typical Orinda Road with its typical bumps and grinds had two lovely unmarried daughters who, in the fashion of lovely unmarried daughters, are in the process of getting themselves married (one married and one engaged).

So what was Papa to do now to keep himself occupied—but of course—having had nothing on his mind recently but the sea of matrimony, he sloughed off the matrimony and concentrated on the sea and so purchased a boat. Now a boat in the deep blue waters is one thing but a boat going up Dias Dorados on a trailer is something else again.

So instead of the bumps, it is over the bounding main right smack into the Embree Hockenbeamer's garage, where said boat bunks. Anyway, the neighbors are entranced with the performance and each time they sincerely hope he makes it.

**AND SO THE GARDEN CLUB** members met and watched Mrs. Leslie Nelson demonstrate what she could do with a piece of wood and a chisel.

When Mrs. Nelson looks at an old root or a dead branch of juniper in the High Sierras she doesn't see something of majesty and grandeur but now defunct—stead, she sees an object of statua fluid which can be shaped, polished and caressed into a bowl for magnolia leaves or grapes, or an abstract form of pure beauty.

In humorous vein she explained how her lesson room has a fireplace and, on cold days, the chips from the wood sculpturing, instead of falling where they may, fall into the fireplace, thereby keeping the fire stoked and creating a cozy atmosphere for the wood-workers.

**CUSTOMARILY WE TRY TO WRITE UP EVENTS** after they happen, because once we wrote up a golf tournament ahead of time and when it rained the tournament had to be called off and so did we!

But we have been advised to pre-write instead of post-write this one, because one of the participants isn't sure she is going to make it. Actually it is planned to be a delightful jaunt into the snow by the Milton Selbys, Norris Wiggins, Joseph Rupleys and Ambrose Macdonalds.

But Mrs. Macdonald is the worried one because, although she lived in the East before moving to Orinda, she has never been in deep snow before and is anticipating the antics with good-humored fear and trepidation.

Mr. and Mrs. Ted Beckett are home after a comprehensive tour of Los Angeles, Las Vegas and Apple Valley. Edith Piaff was singing at the Desert Inn, and we gather from what we hear that she has that magnetic something-or-other which puts audiences right in the palm of her hand. The Piedmont Assembly lured many Orinda young, and before-hand parties were given by Judy Dunn for dinner and Kim Wilken for punch and cookies.

Interesting evening recently at the home of the Lonnie Bees for boys in or about to be in, the service and their parents, to see impressive color pictures taken in Korea by Mrs. Bee's nephew, Lieutenant Leighton Hatch, son of Dr. F. O. Hatch, and Garry DuBois, son of Mr. and Mrs. Clair DuBois.

Lieutenant Hatch was an air and ground observer with the 196th Field Artillery Battalion and was awarded the Bronze Star and Air Medal with two Oak Leaf clusters. Garry DuBois was the clinical psychology technician at the hospital at Seoul, where treatment is given for battle fatigue.

Some of the high points of interest were (1) the actual beauty of Seoul, with modern architecture blended with ancient buildings—all nestled on a plateau entirely surrounded by mountains; (2) the magnificence of 3000-year-old temples which have retained their original color and beauty; (3) the sadness of a city at war, with the parochial orphanages having to care for 200,000 children; (4) scenes from typical homes and monasteries where the monks had never seen a white man; (5) farmers who are so strong they can lift terrific weight because they have been trained from babyhood in weight lifting. Certainly a most educational evening to give people a clearer idea about the countryside of Korea.

A baby boy at the Don Parle Whites—nine pounds, six ounces. Visitor from Spruce Tree Lodge at Mesa Verde in Colorado—Mrs. Ansel Hall, who is visiting her son and daughter-in-law Mr. and Mrs. Knowles Hall.

**ABOUT THIS TIME EVERY YEAR** the housewife gets a glint in her eye—she observes her comfortably sprawled out husband and thinks he could be put to some better purpose—such as, for instance, cleaning out the basement. The children's rooms are a horrible labyrinth of old Christmas wrappings, baseball bats and Toni dolls in need of a dye job.

And the living room—surely there must be some way to perk up the old arrangement, but how? The best way is to get ideas from other people's homes—so the Orinda Branch of the Children's Hospital is planning a Spring House Tour so that you may trot around and enjoy finding out what somebody else did with a similar problem.

Watch for the announcement of the date, which will be in May—and if you are pretty bored with your old clothes come to the annual Spring Fashion Show luncheon at the Country Club, too.

**MANY LITTLE BAKERS** and big Bakers are planning to romp in the snow hence-forward and far into the spring—explanation: the Charles Bakers have just bought a house at Tahoe.

Recent house guest of Dr. and Mrs. Baker was the well-known bacteriologist, Dr. E. C. Rosenow of Cincinnati, who was here to make a talk at Merritt Hospital on "The Relationship of Alpha Streptococci to Poliomyelitis and Other Diseases."

Dr. Rosenow's son and daughter-in-law were also here, from Pasadena, and were entertained by the Bakers at dinner.

## Hilltop Garden Club Will Meet Next Wednesday

The Hilltop Garden Club will meet Wednesday, 10 a.m., at the home of Mrs. E. W. Druhe, 226 La Espiral.

Mrs. Irene Schnabel, who has the Art and Flower Studio in Oakland, will demonstrate "Dried Arrangements and Interior Plants and Planting."

This will be a guest meeting, and each member has been asked to bring a guest. Anyone wishing to visit is asked to phone Mrs. J. F. Folliard, Orinda 2437, or Mrs. Druhe, Orinda 5381.

## Mothers Hear of Foreign Students

Mrs. Estelle Carlson, assistant to the director of International House at the University of California, spoke at Monday's meeting of the Orinda High School Mothers Club at the home of Mrs. Donald Hunter.

Mrs. Carlson, whose work is public relations, told of the three International Houses in the United States at New York, Chicago and Berkeley. She pointed out that students from all over the world come to our universities to study, and these houses provide well equipped residence facilities at moderate rates and offer a program of discussion meetings, social events and language classes.

Mrs. Carlson said that these students appreciate very much the opportunity to visit American homes. She arranges the visits in any way the hostess wishes. Students may be invited for dinner or for a weekend or longer. Students from a certain country are sent if it is requested—either boys or girls, whichever the family would prefer to entertain.

Mrs. Carlson added that International House appreciates invitations leaving to her decision to choose those students who might need it or appreciate it most at the moment. She pointed out that it is a most interesting and rewarding experience for those who invite students into their homes and hopes that many Orinda families will want to help these boys and girls learn how America lives.

She may be reached at Ashberry 3-6600 in Berkeley.

## Valentine Gifts Sent to Weimar

Following through on their promise to cheer the youngsters at Weimar Sanatorium throughout the year, members of Orinda Girl Scout Troop 74 have sent Valentine's Day gifts to the patients.

The gifts will be distributed at the Weimar Valentine party tomorrow morning. They include tiny dolls for the girls and toy autos for the boys, with a Valentine attached to each doll or auto. The dolls were dressed by the girls of the troop, who also made the valentines.

Leader of Troop 74 is Mrs. J. P. Quinn. Some 34 young patients at Weimar will benefit from the local girls' efforts.

## Dessert and Card Party Successful

## Dr. Wendell Stanley Speaks on Virus Infections; Optimistic About Polio

"In the near future vaccine for all types of polio will be an accomplished fact."

Dr. Wendell Stanley, Nobel prize winner and director of the University of California's virus laboratory, made this statement in a lecture sponsored by the Orinda Branch of the Children's Hospital of the East Bay and held at the Orinda Country Club February 2.

**"THE GREATEST** development in the study of polio made in the last year," said Dr. Stanley, "is the culture of vaccine in the embryo of a chicken."

"This step," he explained, "will permit the mass production of polio vaccine. This is the beginning of the

final step."

**IN ADDITION** to his discussion of polio, Dr. Stanley was optimistic regarding the cure of cancer.

He stated that it has not yet been ascertained whether or not it is a virus, but work has been done with mice and monkeys, and is definitely progressing.

**REGARDING POTENCY** of virus infections, he noted that in 1918, when the flu epidemic was raging, 150 million people were infected and 15 million died.

Dr. Robert Kerner will speak on "The Gathering Storm Along the Iron Curtain" in the third lecture of the series March 9 at the Orinda Country Club.

## 'Ski Trip Fine' Say Boy Scouts

Boy scouts of Troop 207 have been active recently. Scouts returned from their ski trip to Phillips Lodge in the Sierras to report the snow fine. They said that Ralph H. Phelps, troop committeeman and principal of Lafayette School was the only casualty. Phelps suffered a sprained ankle.

The snow was a little icy, reported Scoutmaster Gerry Cullen, for perfect skiing, and there was no powder snow, but the lifts were working.

A hike was taken to Echo Lake, which was frozen over, and the scouts were able to view Lake Tahoe from the ridge.

The next outing is a snow trip to Camp Bray, a scout camp near Pinecrest, late this month.

The boys will have a chance to rough it a little more there, commented Cullen, because they will have to hike in a mile and a half and do their own cooking.

Recently, the troop participated in signalling practice, for disaster relief control.

The stationed scouts on adjacent hills in the Orinda area and practiced signalling morse code. The only difficulty arose with the fog, stated Cullen, which rolled in between the hills and almost obscured the view.

When winter weather threatens mountain telephone lines, Jim Carson and his fellow linemen roll out to make sure calls go through.

## Jim Carson—Telephone Trouble Shooter

The story of how telephone men see that your calls go through in any weather

"Jim Carson" could be any one of the thousands of telephone trouble shooters on the job in the West. And he's mighty busy when blizzards strike in the mountains. When the electronic testing equipment spots possible trouble on telephone lines, Jim and a telephone crew are dispatched to stop the trouble before it can interrupt service. Often while a storm is still raging, they are on the job—clearing lines—helping to make sure your telephone calls go through quickly, reliably.

Radio telephone keeps Jim and his fellow linemen in touch with their home telephone base. If necessary, they may call upon emergency telephone equipment which is stock-piled at strategic locations up and down the West. After the storm, Jim and his crew may patrol lines for potential trouble spots—leaning poles, broken branches, wires buried in towering snowdrifts. It's constant checking like this that keeps your service dependable. And, of course, keeping your service reliable in any weather is just one more way we make sure your telephone service remains the finest in the world.

## When disaster strikes

Flash floods, forest fires, earthquakes—these are disasters which can strike a community. But you can be sure that telephone men and women will be on the job in times of crisis—maintaining telephone service which can have a value beyond price as vital telephone calls go through.

# Dons Meet Devils At Concord Tonight

The Acalanes Dons travel to Concord for a pair of games tonight against Mt. Diablo High. On the basis of record alone, the Don Varsity is slated for a setback, while the Bees will be in the favorite role.

Festivities start with the Bee game at 7 o'clock.

In an earlier meeting, the Don Varsity went down 57-38, with Diablo playing its best game of the then young season.

Since that time, Diablo has cooled off while the Dons have been in the sub-zero class, having as yet to register a league win.

The Diablo Devils gave indications they are back in the groove when they dropped Crockett's last

64-51 on Tuesday.

**THE ACALANES CLUB** gave a sparkling demonstration of its own in the first half versus Albany Tuesday, to lead the league leaders, only to drop by the wayside when the pace got too fast in the second half.

Home court and record give the Devils the edge, as far as predicting goes.

**THE DON BEES** are currently tied for first place as a result of their win over Albany Tuesday afternoon, and figures to repeat an earlier win. The Don Bees measured Diablo in the first round of play, 31-25, and have shown a steady floor game and consistent scoring

ability.

Diablo's Bees have two wins against six losses, while the Acalanes Bees have seven wins and two losses.

Red Jones, Rod Kistinger, Gaetan Paulini and Tim Freeman figure to have too much scoring punch for the little Devils. That, coupled with the all-around team and defensive play of the Don Bees, rates them the favorite role.

**NEXT TUESDAY** the Dons meet up with John Swett of Crockett in a 3 p.m. Bee game on the Acalanes court and a Varsity affair to follow.

In the first round of play the Don Varsity slipped 56-44, while the Acalanes Bees checked in with a

40-30 win.

John Swett's Indian Varsity appears to be not too strong on defense, and the Dons may cop that elusive win, particularly if they can stop Ray Vallejo, who is one of the League's top shots.

**THE BEE GAME** figures to be a thriller, as Swett's Papooses have been coming fast and on Tuesday topped Diablo, 55-37.

The Don Bees need everyone from here on in is the tighter than tight pennant race finds them in a three-way tie for first with Pittsburg and Albany.

The championship could well hinge on this one, and the game should play to a jammed house.

## Rod and Gunners to Hold Gun Exhibition

The Diablo Rod and Gun Club will sponsor its Second Annual Gun Show at 8 p.m. February 20 in the Veterans Memorial Building.

Reino Alto, secretary, said the event, which is free, will be "bigger and better than the one held last year, with more collectors and others planning to show."

**GUNS OF ALL** descriptions and vintage will be on display, he said, "everything from the muzzle loaders of yesterday to the very finest in factory and custom-made guns of today."

Harold Smith of Harold's Club in Reno has been invited to show part of his collection of old guns.

Jack Miller, the club's handloading expert will again put on a demonstration. "Miller is prob-

ly the best authority on reloading ammunition in this area," he said.

**KURT HAASE** of the Frontier Gun Shop will have an exhibit along with a demonstration on gun stock checking with his recently-acquired electric checking tool.

Diablo Junior Rod and Gun Club also will exhibit.

Anyone interested in showing one gun or a collection has been invited to take part. It is not necessary to be a club member.

For information contact Reino Alto, 1820 Second Avenue, Walnut Creek.

## Diablo Gun Club Will Hold Social

The Diablo Rod and Gun Club will hold its February social night Tuesday in the Guild Hall instead of Thursday.

At its meeting last week, final plans for the gun show were made. The group discussed its trophy dinner March 7.

The program will be announced by Bill Douglas and Art Evans. Other committee members include Gus Silva, Bob Weston, Louis Silva, Ed Allard and Henry Van Raam.

### B's Beat Albany But Don Varsity Loses Once More

The Acalanes Bees put on a grand display of control basketball Tuesday afternoon to register league win Number 7, with Albany the victim.

Result is that the Don Bees are back in the number 1 spot, along with Pittsburg and Albany for a three-way tie.

The Don Varsity put on a brilliant display in the first half but their biggest mistake was showing up for the final two quarters, as Albany's Cougars wasted little time in running up more than enough points for the win.

The Bee score was Acalanes, 32; Albany, 27. The Varsity tally: Albany, 58; Acalanes, 42. The games were played on the Acalanes court.

**THE BEE GAME** started with cautious and deliberate play as the Don Bees broke the ice when Red Jones stole the ball and fed Rod Kistinger, who went in for a layup on a fast break.

Acalanes made it 6-1 before Albany scored a field goal just before the quarter ended, to make it 6-3.

The Acalanes Bees kept things under control to leave the floor at the halfway mark with a 15-9 lead.

**BOTH CLUBS** were on a par in the third frame as each tanked 10 points.

In the final quarter, the Dons played a ball control game, protecting their lead, and ended the game for the all-important win.

Red Jones led the scoring with four field goals and two free throws for 10 markers, with Tim Freeman, elongated center, next for the winners with two field goals and a perfect four for four from the foul line, to chalk up a total of eight. Bill Brenner, forward, was high for Albany with eight on four field goals.

The Dons took a low total of 24 shots from the floor and tanked 11 for a good 46 percent average.

Highlight of the game, other than good ball control, was the defensive work done by Rod Kistinger and Gaetan Paulini, who threw a blanket over Albany's ace Billy Larsen, to limit him to a single field goal. Billy has been one of the league's outstanding scorers to date, and with him stopped the Dons registered the win.

**IN THE VARSITY** game, the Acalanes club gave local fans some thing to yell about in the first half when they put on their best display to date and actually left the floor at the halfway mark with a

### Music Teachers Name Treasurer

The Contra Costa Branch of the Music Teacher's Association met January 26 at the home of Mrs. Alex C. Eastman.

Frederic Freeman, who has held the office of treasurer many years, has resigned due to other duties. He will be replaced by Mrs. Leonore Lundholm, according to Publicity Chairman Peg Winters.

**22-20 lead.**

In the second half it was a different story, however, as Coach Craig Ortlieb's Cougars came back strong and the Dons wilted, with the end result that the Dons dropped behind 36-29 at the three-quarter mark and were finally submerged 58-42 when the final buzzer sounded.

**BOTH COACHES** inserted subs and cleared their benches in the closing minutes of the game.

The win kept Albany at the top of the league, while the Dons rest in the cellar, with nine straight losses.

**OUTSTANDING** for the Dons was Mike White, who racked up 17 points, some coming on spectacular shots.

Ace for the Cougars was Mel Tamm, who gave a brilliant exhibition of shooting, to end up with 17.

Every man for Albany on the starting five scored eight or more points, to show a well-rounded attack, which gives an insight as to why Albany is the league leader.

## Pitt's Pirates Defeat Acalanes Bees, Varsity

It was a long ride home for the Dons last Friday night after they had traveled to Pittsburg only to drop both games despite the fact that both Bee and Varsity squads played better than average ball.

The Pirate Varsity emerged triumphant, 63-53, while the Pitt Bees scored a 41-33 victory.

In the Varsity game the Dons were in contention most of the way, thanks to the outstanding play of Mike White and Bob Gray.

**PITTSBURG JUMPED** to a 16-12 lead in the opening quarter, and at the halfway mark the Pitt Pirates were still out in front, 35-25.

In the third quarter Bob Gray hit for eight points on two field goals and four free throws, with his teammates adding nine more points, to give the Dons 17 for the quarter, while Pittsburg's best produced 11, making the score Acalanes 42, Pittsburg 46.

**THE DONS THREATENED** to take the lead in the fourth quarter, only to have Pittsburg pull away with some brilliant long shots, particularly by Guard Charles Jackson, who tanked three at crucial moments, and it all ended up with the Dons on the short end of a 63-53 count.

Mike White capped scoring honors on some brilliant shooting, with 19 points, and Pittsburg's forward Dennis Rano was next in line with 17. Bob Gray ended up with a total of 16.

**IN THE BEE** game, the Don Bees played some top ball but Pittsburg retaliated with excellent play of their own and toppled the Acalanes, 41-33, in a thriller that left fans and players on the verge of collapse.

The Dons jumped to a 21-16 half-time lead when they staged a brilliant comeback after trailing 12-7 at the quarter.

**PITTSBURG REALLY FOUND** the range in the third quarter as they came back to tank 16 points while holding the Dons to seven, and with the scoring spree went the lead which was never relinquished.

In the final period the Acalanes team trailed by a point, 38-39, with two minutes on the clock, and the issue was decided when Pittsburg went into a successful ball control game, while adding a layup for two points when the Dons slipped up on defensive play.

**RED JONES** and Tim Freeman paced the Dons with 12 points each, while Rod Kistinger was not far behind with 11.

Tops for Pittsburg was the watch charm guard, Cassillas, who posted 12 points, eight of which came on the fatal second half.

Speed kills. Drive carefully - the life you save may be your own.

# Master Plan Is The No. 1 Job

An Editorial

Arguments over lot sizes and master planning procedure have been going on for several months. Reports have been made. The County Planning Commission is expected to make its report in the near future. This will probably be shortly followed by a public hearing before the Board of Supervisors.

There is no question that debating the issues has been worth-while and that many seemingly complicated points have been cleared up. But now it appears that the debate between the Cardinet Committee and the Bailey Committee is becoming a mud-slinging campaign. Arguments are strained away from actual facts; personalities are entering into the verbiage.

Many people realize that the subject is of tremendous importance; what happens will affect the entire future of this county. They are intelligent enough to understand the problems in a general way, and are eager for carefully-planned solution. Certainly, despite the numerous complexities and disagreements, the issues can and should be resolved soundly.

As an example of the type of strained arguments which have developed, we see statements by the Cardinet Committee to the effect that its opposition wants nothing but half-acre lot sizes. This is not true.

The Bailey Committee merely states that the maximum should be half-acre, which would also allow for quarter-acre and eighth-acre lots.

We agree that it would be unwise to pass a blanket law that nothing can be larger than quarter-acre. Even if there were such a law, there are certain areas where, because of terrain, drainage and roads, quarter-acre lots are absolutely impractical. Besides, there are small sections in certain areas where people may want lots larger than quarter-acre.

Furthermore, we feel that areas already zoned for more than quarter-acre should have the fullest protection of the law.

It is questionable whether deed restrictions alone are sufficient protection for home owners who want large lot sizes in their area. Deed restrictions are proposed by the Cardinet Committee as an alternative to the quarter-acre size.

However, it would seem obvious that most of the agricultural land should be subdivided along the lines suggested by the Cardinet group. Lots of quarter-acre or less are probably the answer for most of the land in question.

We believe that areas should be considered according to their own merits, with such factors as population, required facilities and terrain being among determining factors.

A fundamental difference between the two groups is this: The quarter-acre standard is a key item with the Cardinet Committee. Other considerations, including population density, are relative to that. In other words, lot sizes would be designated in many cases before future population is known.

The Bailey Committee is opposed to that method of planning. It insists that planning be geared to probable future population and that it include consideration of topography, existing and future facilities and what the people in a given area want. This approach, it maintains, necessitates a more thorough study, and the application of a land use plan to the actual needs of an area.

The most important problem is that of master planning. Everyone seems to be in agreement that this is the basic matter in the entire picture.

It is clear that some emergency problems may have to be met on an emergency basis. Except for such emergency steps, however, all details should be included in a comprehensive master plan.

There has been too much patchwork done in this county. Advance planning by competent men, with the greatest good for the greatest number as the approach to each problem is essential.

All this is especially important to our area. This central portion of the county has been correctly described as the most rapidly growing part of Contra Costa. And Contra Costa is recognized as the fastest-growing county in the nation.

The time for debate on secondary issues is over. It's later than you think—and the urgent business of tackling adequate master planning should be undertaken without delay. Let's not get so we can't see the forest because of the trees.

The future holds many problems, including still greater population, highways, transportation, schools, flood control, drainage, sewage disposal, taxes.

Let's plan for the future TODAY—so that the future won't catch us unprepared.

### Be Realistic About Plant Purchases—Know What You Order, Don't Be Fooled

By BERT WRIGHT

DO YOU WONDER why there are such differences in the prices of rose bushes, tulip bulbs and other shrubs and trees?

You aren't being offered a sensational bargain when you read that rosebushes are "three for one dollar," or that tulip bulbs are "25 for one dollar" and when flowering shrubs are sold for "15 cents each." That's probably all they are worth—newly rooted cuttings, not husky, big plants, the kind you should plant.

Does the offer describe the rose as No. 1 size or merely by age—"two-year-old, field-grown plants"? Just about all the millions of roses to be sold in 1953, no matter how small or weak, will be two years old and field-grown.

Does the tulip offer guarantee that all bulbs will be top-size (at least 1 1/2 inches across)? Or are the bulbs so small that they are described by their circumference—"Not tiny bulbs, but averages three inches in circumference" (circumference is about three times as big as the diameter)? The thing for you to remember is that the small bulbs don't bloom the first year.

MORE THAN LIKELY, the bargain offer doesn't tell you anything about the sizes. Strip away the fancy adjectives and you will find that you know nothing about what to expect except the variety and number of shrubs and bulbs you will get.

But you don't have to buy "blind" like this. There are recognized descriptions for all good shrubs and bulbs. If you want the best, ask for No. 1 rose bushes, top-size bulbs (especially tulips, lilies, gladioli); bushy, two-year-old flowering shrubs; husky perennials; thick trunks in fruit trees; large, firm

## Health Society Sets 2 Programs

Two special meetings of the Central Contra Costa County Mental Health Society were announced this week by Program Chairman Walton Kirk of Walnut Creek.

Dr. Samuel Susselman, psychiatrist, will talk on "The Mental Hygiene Neglect of Contra Costa County" Thursday at 8 p.m. in Room 1 of Pleasant Hill School.

The second program will be a picture film in French, "Passion for Life," which has won international awards. It portrays a teacher concerned with the life of each individual student. The film will be shown February 27 at 8 p.m. at Acalanes High School.

## Gem Society to See Polishing Exhibit

The Contra Costa Mineral and Gem Society will see a demonstration in black opal polishing by Frank W. Wilcox at its 8 p.m. meeting today in the Walnut Creek Women's Club.

The organization of rock hunting and jewelry making enthusiasts meets the second Friday of each month.

## Plastic Heart Coin Boxes for Heart Fund Drive To Be Distributed Monday

Firemen throughout the area will begin distributing heart-shaped coin boxes in all business establishments Monday.

When their work is done, this year's Heart Fund Campaign will have started in earnest and will continue until the end of February.

The slogan this year is "New Hope for Hearts," and said Colonel Francis J. Clune, county chairman, it will be up to the public to make that "hope" come true.

With a campaign quota of \$12,000 for eastern Contra Costa county, Clune said 70 per cent of all funds raised in the county will stay here.

He said five per cent will go to the California Heart Association and 25 per cent to the American Heart Association to maintain a continuous program of research.

"Our task is the control of the greatest of all health challenges," Clune said. "More than 750,000 died in the United States from heart

diseases in 1952.

"This is three times the number of deaths from cancer, 26 times those caused by tuberculosis—more than the next five causes of death combined, important as these are.

"These heart deaths were not confined to old people. More than a third were under 65 and of all who died between the ages of 25 and 44, in the bloom of their productive years, nearly one-fourth were victims of heart diseases."

Leland L. Medsker, director of East Contra Costa Junior College, recently was elected to serve on the board of directors for the Contra Costa County Heart Association.
